

**Bleed Live Acoustic  
Cold**

Tabbed by// alreadygone [\*]  
Tuning// EADghe

I saw Scooter play this chords version of Bleed at an in-store acoustic gig, and I decided to tab it out because it sounds really cool.

The audio quality of the file is not the best, so I m not quite sure about the exact tuning. I m certain though that it s normal tuning (EADghe), just 1 or 2 whole steps down. 2 whole steps try the tab cause its a pretty cool way to play \* !

d= downstroke  
u= upstroke

play this pretty fast.

you might wanna vary this when playing by filling in some of these gaps and altering the strumming pattern here and there.

you re getting the idea...

//lyrics

I m feeling crossed  
Take it inside  
Burn up the pain  
My thoughts are strange

Just like the things  
I used to love  
Just like the tree that fell  
I heard it  
If art is still inside  
I feel it

I wanna bleed  
Show the world all that I have inside  
I wanna scream  
Let the blood flow that keeps me alive

Take all these strings  
They call my veins  
Wrap them around  
Every f\*cking thing  
Presence of people  
Not for me  
Well I must remain in tune  
Forever  
My love is music  
I will marry melody

I wanna bleed  
Show the world all that I have inside  
I wanna scream  
Let the blood flow that keeps me alive

Won't you let me take you  
For a ride  
You can stop the world  
Try to change my mind  
Won't you let me show you  
How it feels  
You can stop the world  
But you won't change me

I need music  
I need music  
I need music  
to set me free  
To let me bleed
