

Always In My Head
Coldplay

Em **G** **Bm** **A** **Em**
I think of you, I haven t slept
G **Bm** **A/C#** **A**
I think I do, but I don t forget

Em **G**
 My body moves, goes where I will
Bm **A**
 But though I try, my heart stays still

Em G
It never moves just won't be led
Bm A
And so my mouth waters to be fed
Em G
And you're always in my head

And you re always in my head

Em G
You re always in my head

Bm A
You re always in my head
