```

```
D              Bm                  G  Em
We sat on a roof, named every star
A          Bm        G        A
Shed every bruise and showed every scar
D              Bm                  G  Em
Hope has its proof put your hand in mi___ine
A              Bm       G     A
 Life has a beautiful crazy design
```

```
    G             A
And time seemed to say
        F#m             G       D/F#
 Forget the world and its weight
Em                A
Here, I just wanna stay
A           F#m    G
Amazing day, amazing day
```

```
( D     Bm  G    Em    A    Bm   G    A )
```

```
D              Bm                  G Em
We sat on a roof, named every star and
A               Bm                 G        A
you showed me a place where you can be who you are
```

```
     G                     A
And the view, the whole Milky Way
     F#m                 G      D/F#
In your eyes, I drifted away
            Em                  A
And in your arms, I just wanna sway
      A     F#m    G
Amazing day, amazing day
      A     F#m    G
Amazing day, amazing day
```

```
( D    Bm  G    Em    A    Bm    G    A ) (2x)
```

```
                 G                A
And I asked  Can the Birds in poetry chime?
             F#m                 G      D/F#
 Can there be breaks in the chaos sometimes?
          Em                      A
Oh, thanks God, must have heard when I prayed
```

```
            G
 Cause now I always want to feel this way
        A       F#m       G
Amazing day, amazing day
        A       F#m       G
Amazing day, amazing day
        D
Yeah, today

( D Bm )(4x)
