

Everglow
Coldplay

[Intro] Am F C Em7
Am F C G
Am F C Em7
Am F G
Am F G

Am F
They say people come
C Em7
Say people go
Am F C G
This particular diamond was extra special
Am F
And though you might be gone
C Em7
And the world may not know
Am F C G
Still I see you, celestial

[Am F C G]

Am F
Like a lion you ran
C Em7
Goddess you rolled
Am F
Like an eagle you circled
C G
in perfect purple
Am F
So how come things move on?
C Em7
How come cars don t slow?
Am F G
When it feels like the end of my world
Am F G
When I should but I can t let you go?

Am F C Em7
But when I m cold, co_____old
Am F C G
Oh when I m cold, co_____old
Am F
There s a light that you give me
C Em7
When I m in shadow
Am F G

There s a feeling you give me, an everglow

[Am F C G]

[Am F C G]

Am F
Like brothers in blood

C Em7
Sisters who ride

Am F
And we swore on that night

C G
We d be friends til we die

Am F
But the changing of winds

C Em7
And the way waters flow

Am F G
Life as short as the falling of snow

Am F G
And now I m gonna miss you I know

Am F C Em7
But when I m cold, co_____old

Am F C G
in water rolled, sa_____alt

Am F
I know that you re with me

C Em7 Am F G
And the way you will show, and you re with me wherever I go

Am F G
But you give me this feeling, this everglow

[Am F C Em7]

[Am F C G]

[Am F C Em7]

Am F G
Oh, what I wouldn t give for just a moment to hold

Am F G
Yeah, I live for this feeling, this everglow

[Am F C Em7]

[Am F C G]

Am F C Em7
So if you love someone, you should let them know

Am F G
Oh, the light that you left me will everglow
