COLDPLAY - HOW YOU SEE THE WORLD

Bonus Track on the Japan-Release of X&Y s

written by Coldplay (I guess)

This is a sweet little song, I m wondering why it s only on the japanese LP... I ve transposed it up one semitone to the normal key so we can play it drunk at a campfire

On the record the chords are **Am (Bbm)**, **Eb (F)**, **C#m (Ebm)** and **F (F#)**. The lyrics might be wrong, the chords sound right to me. Maybe someone will figure out a better version...
