COLDPLAY - HOW YOU SEE THE WORLD

Bonus Track on the Japan-Release of X&Y s

written by Coldplay (I guess)

This is a sweet little song, I m wondering why it s only on the japanese LP... I ve transposed it up one semitone to the normal key so we can play it drunk at a campfire

On the record the chords are **F#m (Gm)**, **C (D)**, **Bbm (Cm)** and **D (Eb)**. The lyrics might be wrong, the chords sound right to me. Maybe someone will figure out a better version...
