

Wedding Bells
Coldplay

Here is how i play it based of the performance at the Apple Keynote.
Here is my cover of it http://www.youtube.com/watch?v=t_PtGlC2YHs
it sounds good if you use Open G tuning, but either way is good.

Em **C** **D** **G**
Those wedding bells are ringing up upon that hill
Em **C** **D** **G**
And I don t wanna swallow such a bitter pill
Em **C** **D** **G**
You keep on moving, but, I stay still
D **C** **G**
But I always loved you and I always will

G **D/F#**

Em **C**
Days of no sleeping
D **G**
Caked in mud
Em **C** **D** **G**
All kinds of poison in my blood
Em **C** **D** **G**
I lost the only thing I ever loved

Oooh oh oh oh

Em **C** **D** **G**
I heard them ringing and processioning by
Em **C** **D** **G**
Umbrellas in the clear blue sky
Em **C** **D** **G**
I saw you swimming in that sea of white

Dsus4

Oooh oh oh oh

Em **C** **D** **G**
And wedding bells ringing up upon that hill
Em **C** **D** **G**
And I don t wanna swallow such a bitter pill
Em **C** **D** **G**
You keep on moving, baby, I stay still

I always loved you and I always will
