Am
Loving you is something I can do alone,
                                  Am E7sus4 E7
                  E7
But if you know I m frightened you might run away,
Life is full of circles, and it s my turn now,
                                  E7sus4 E7
            E7
  I remember times when you were phoning me,
I never understood the laws of life, my love,
                   E7
But I hope I learnt a little of the laws of you!
