

Against The Tide
Colin Hay

Tabbed by: Kackao

Tuning: Standard

Dm **Am**
The lines are broken between she and I

Bb **Gm**
But the road is as straight as an arrow

F **Am**
We had walked in a beautiful forest

Bb
But after a while the trees grew thin

Gm
And offered little shade

Dm **Am**
Bb **Gm**
Now more than ever our lives move of their own volition

F
I sleep walk in the night

I don t wanna, I don t wanna

Dm
I let the day decide

I m searching for, I m searching for

F
I swim against the tide

I only wanna, I only wanna

Dm
Get to the other side

You can always find me

Bb **C**
Waiting for the right time

Bb **C**
But I can t wait till the end

Dm **Am** **Bb** **Gm**
You moved out of reach

F **Am** **Bb** **Gm**
Slipped out of my hands

Dm **Am** **Bb** **Gm** **C**
I live in my dreams

Bb **F**
I have of you still holding me

The lines are broken between she and I
But the road is as straight as an arrow
We had walked in a beautiful forest
But after a while the trees grew thin
And offered little shade
Now more than ever our lives move of their own volition

I m drifting out to sea
Someone s watching over me
So I won t drown
Moving closer ever closer
Your love is like the rain

Saturating
The tide is coming in
Carrying me
And though the lines are down
I m still holding
But I, I can no longer pretend

You moved out of reach
Slipped out of my hands
I live in my dreams
I have of you still holding me

Carrying me
Saturating
