[intro riff] x2

/10-10-10 ~ 10-10-10-10-3-3-3 ~ 3-3-3-3-----

Just fill in a 10 or a 3 for those ~. You ll have to listen to the song to get the exact number of strums. There are alot of them and remember, they are slightly muted.

[main riff] x2
-----	-----	-----	-----
-----|-9-----|-----|-9-----
-----|-9---5-7-|-----|-9---7-5--
-----|-7---5-7-|-----|-7---7-5--
0-0-0-~-0-0-0-|---0-3-5-|-0-0-0-~-0-0-0-|---0-5-3--

[verse 1] (played with main riff)
Wait just a second now
Love s easier Lost than Found

(play this part with a full G chord)

G

.|||.. 3rd fret

|||.||

|..||| 5th fret

So learn baby learn
It s time to up and turn the other way

(now go back and play that main riff)

(play this part with that full G chord again)

Yeah peace baby peace

It s past time to release and fly away

(play the main riff again)

[chorus] (played with intro riff while strumming the chords on Guitar 2)

G C

Once I was down and couldn t see

Then love lifted me

G

Yeah love; it was love

C

I believe that love lifted me

(play main riff)

[verse 2] (played with main riff)

Hush not another sound

Time to move up to higher ground

(strum full G chord)

Now time baby time

No longer s on our side so make a way

(play main riff)

(strum full G chord)

To ride baby ride

And pull me upon high and fly away

[chorus]

[main riff]

[bridge]

Sorry, I don t want to ruin the lead on this bride. The backing chords are provided though.

Play the A and G chords full, like the above G chord.

G A G G A G

Don t push me, don t shove me

G A G G A G E

Don t make me go down in flames

A G G A G G A G

Pull me to safety and help me

G A G G E

To feel no more pain

(play normal chords for this last part)

D A

Come on just lift me up

now just hang with the rhythm on an open low E string until the solo starts.
I can't do the
solo, but it is played over the main riff. After the solo ends, the intro
riff is played a couple
of times until the song fades out.
