G                          Em                    Cadd9
and you said we would be golden, when we grow old
and you said we d never be broken, when we grow old

           Am                                  Cadd9                                  G
but if a river can dry to dust i guess the angels we grow to trust can fly away

like a mountain can lose its peak
right now another heart can change its need quietly

and you said we d never be parted when we grow old
and you said i ll see you in heaven when we grow old

but if a river can dry to dust
i guess the angels we learn to trust can fly away

like a mountain can lose its peak
right now another heart can change its needs quietly
