[Verse 1]

F# **A**
Rabid dogs are scratching at my door
A **F#m**
But I won't let 'em in because
F#m **A**
I've been bitten before.
A **F#** **A**
These dogs are nothing like my baby
A **F#m**
'Cause they don't really love me,
F#m **A**
They just wanna hurt me.

[Bridge]

A **F#** **A**
So please just leave me alone.
A **F#** **F#m** **E**
I'm waiting for real love to come and take me home.

[Chorus]

E **A**
And I'm locking myself in my car
D **E**
'Cause there's a dog outside
D **E**
who wants to eat my heart.
A
And I'm locking myself in my car
D **E**
'Cause there's a dog outside
D **E**
who wants to tear my body apart.
A
Oh no.

[Verse 2]

A **F#** **A**
These dogs, they want me to let them inside
A **F#m** **A**
but they just wanna use me, I can see it in their eyes.
A **F#** **A**
These dogs, they look so cute and sweet,
A **F#m**

but they don't care about me.

F#m **A**
They wanna see me bruised and bloody.

[Bridge]

A **F#** **A**
So please just leave me alone.
A **F#** **F#m** **E**
I'm waiting for real love to come and take me home.

[Chorus]

E **A**
And I'm locking myself in my car
D **E**
â€˜Cause there's a dog outside
D **E**
who wants to eat my heart.
A
And I'm locking myself in my car
D **E**
â€˜Cause there's a dog outside
D **E**
who wants to tear my body apart.
