

Plain To See Plainsman
Colter Wall

[Verse 1]

A **E**
I cut through the Rockies like some unholy blade
A
The icy depths of the Pacific I have bathed
D **D/F#**
Forever I wander, forever I stray
E
The rustle of wheat fields starts callin my name
A
Callin my name

[Chorus]

A **E**
Let me die in the country that I love the most
A
I m a plain-to-see plainsman, and this I will boast
D **D/F#**
My heart it lies far from the east or west coast
E
This plain-to-see plainsman is longin for home
A
Longin for home

[Verse 2]

A **E**
Well the north-folk are dandy, they don t mind the cold
A
The south has filled up both my belly and soul
D **D/F#**
I know when I m gray and I know when I m old
E
These bones will cry out for the place they were born
A
Place they were born

[Chorus]

A **E**
Let me die in the country that I love the most
A
I m a plain-to-see plainsman, and this I will boast
D **D/F#**
A heart that lies far from the east or west coast
E
This plain-to-see plainsman is longin for home
A
Longin for home
