Not Just Friends
Connell Cruse

Hey guys this is my first one and I just used my ear to try to figure this one out, all
the chords sound about right but I m not sure about the F#m, it could be replaced if you
can find the right one :)
Verse:
```
     A                      E
```
You say, you don t wanna lose it all
```
F#m                    D
```
but we can t go back to how we were.
```
 A.                      E
```
 Cause we were making each day a war,
```
F#m.                        D
```
sick together but ill when being apart
.
Bridge:
```
A.                                  D.              F#m
```
You say that you still want me in your life but is being friends your way to say
```
E
```
 goodbye?

Choruse:(same pattern as verse)
So I ll tell you this, I don t really wanna be your friend.
See you loving someone else, I m not gonna do that.
And for you I wish nothing but happiness but I m not gonna be your friend, no were not
gonna be just friends.
 Cause I, I d rather lose it all.

I guess I should be thanking you,
for all the ups and downs you put me through.
 Cause now I have the strength to say,
cutting the ropes with you s the only way.

Thanks for asking for a helping hand
but I m sure you ll learn to love another man.

So I ll tell you this, I don t really wanna be your friend.
See you loving someone else, I m not gonna do that.
And for you I wish nothing but happiness but I m not gonna be your friend, no were not
gonna be just friends.
 Cause I, I d rather lose it all.
I, I d rather lose it all.

When I think of you,
My heart still skips a beat or two.

But if you re not all mine I d rather lose it all, I d rather lose it all.

So I ll tell you this, I don t really wanna be your friend.
See you loving someone else, I m not gonna do that.
And for you I wish nothing but happiness but I m not gonna be your friend, no were not
gonna be just friends.
 Cause I, I d rather lose it all.
I, I d rather lose it all.

So I ll tell you this, I don t really wanna be your friend.
See you loving someone else, I m not gonna do that...

I really don t know the website of the band but it s a relatively new song and that s
probably why it s not registered, the is available everywhere and on google and stuff
