Am7(The whole Verse)

That there, let me break it off
All the pressure that you got, let me take it off
I swear, we re gonna make it hot
Put your hands in the air, don t stop
I ll knock you down like you re Keri
Forget your name like Rihanna
You can run the world, Queen B
Be unthinkable, Alicia
We can go so far if she let go
And I ain t gonna leave without her

[Chorus:]

	Fmaj	C
This is for the girl that can get down low		
	Gsus4	Dadd9
The whole club wanna see you go		
Am7		
Ey, shake, shake like you re famous, girl		
Head back, lay it down like a Vegas girl		
Fmaj	C	
Bass coming down so hard		
	Dsus4	Dadd9
That little dress breaking every heart

Ey, shake, shake like you re famous, girl		
Head back, lay it down like a Vegas girl
