Difference Is Time

Capo 3rd fret

G
Well call me if you wanna talk
C
There s a telephone on your wall
D
And the reasons are many
C **G**
And not to far apart
G
If there s some blood left in your heart
C
Well let our lovin finally start
D
If you run you can catch me
C **G**
My head is wide but not to sharp

Am **D**
I wanna hear the whistle blow
C **G**
And the feelings go
Am **C** **D**
I wanna be done with everything I know

Am **D**
The difference is time
G **Em**
It s the past, present, weighted lines
Am **D**
The difference it time
G **Em**
It s his, it s yours, and it s especially mine
Am **D** **G**
The difference is time

G
And it s hard to stand on my feet
C
With this weight of vagrancy
D
I ve been trying to tell the difference

Between the road and my street
There s an end I wish you would meet
When I m done dancing to this beat
On my headstone it will be written
Life is hard even if you cheat

I wanna hear the whistle blow
And the feelings roll
I wanna be done with everyone I know

The difference is time
It s the past, present, weighted lines
The difference it time
It s his, it s yours, and it s especially mine
The difference is time
Difference is time

Don t act
As if there ain t nothing wrong
With a switch like that, it s mean to keep it on
