G **D**
A peacock, people left the plumes in a pile
C **D**
They look good to fold
G **D**
And the Gulf water s warm like a bathtub
C **D**
Full of lavender and epsom salt

G **D**
See a bleach blond boy put his longboard down
C **D**
Help his girl get her sunscreen on
G **D**
I thought about you in your little house
C **D**
Think you re lonely but I could be wrong and...

C **D**
I wanna be a bootlegger
C **D**
Wanna mix you up something strange
C **D**
Braid your hair like a sister
C **D**
Maim you like a hurricane

G **D** **C** **D**
Right there, that s the postman sleeping in the sand
G **D** **C** **D**
He s got a letter to deliver, but I can t stay mad
G **D** **C** **D**
Right there, that s the postman sleeping in the sand
G **D**
He s got a get-well-card to deliver
C **D** **C** **D**
He s gonna do it by hand, he s gonna do it by hand

G **D**
Now they drive the cars up and down the beach

C D
 It s ridiculous and everybody knows
 G D
 Hear the Mustangs rev at the four way stop
 C D
 You get ghosted when the light says go
 G D
 But in a town like this, in the chequered flag dawn
 C D
 It s so empty you could make somebody dream
 G D
 So maybe it s you, in your four-post bed
 C D
 Found asleep with still blood in your teeth and...

G **D** **C** **D**
 Right there, that s the postman sleeping in the sand
G **D** **C** **D**
 He s got a letter to deliver, but i m still not mad
G **D** **C** **D**
 Right there, that s the postman sleeping in the sand
G **D**
 He s got a get-well-card to deliver
C **D**
 He s gonna do it by hand,
C **D**
 He s gonna do it, he s gonna do it
B **C**
 He s gonna do it, he s gonna do it,
D **G**
 He s gonna do it, he s gonna do it... by hand

He s gonna do it, he s gonna do it
