

Moab

Conor Oberst and the Mystic Valley Band

Moab

Conor Oberst and the Mystic Valley Band

Tab by Sam Kurcab

Capo 1st fret

D Em
I used up your compassion
G D
So I ve come to make a trade
D G A (A7)
You can hate me but just love me in return
D Em
And if I know where to find you
G D
I ll stay out of your way
D G A
I won t come beg to borrow all the happiness you earned

Em D
I ll just slide back down to the bottom
Em D
While you make your place in the hills

D G D (riff at bottom)
There s nothing that the road cannot heal
D G D
There s nothing that the road cannot heal
D A Em G
Washed under the blacktop, gone beneath my wheels
D A D
There s nothing that the road cannot heal

D Em
They say the sun won t burn forever
G D
but that s a science too exact
D G A (A7)
I can prove it- watch, we re crossing the state line
D Em
See those headlights coming towards us?
G D
That s someone going back
D Em
To a town they said they d never, yeah -
G A

They swore it on their lives

Em **D**
But you can't break out of a circle
Em **D**
That you never knew you were in

D **G** **D** (riff at bottom)
There's nothing that the road cannot heal
D **G** **D**
There's nothing that the road cannot heal
D **A** **Em** **G**
Washed under the blacktop, gone beneath my wheels
D **A** **D**
There's nothing that the road cannot heal

G
Some would spend their precious time
Em
trying to decorate their lives
D **A** **G**
Taking measurements for some new look they want
G **Em**
So from one to ten - ten's exactly what I am
D **A** **G**
Zero being everything I'm not
D **Em** **G**
Tell me what you like
D **Em** **G**
Is it less than five?
D **Em** **G**
Is it less than five?

Cm, G, Cm, G,
Cm, Bm, Em, G, D

D **G** **D**
There's nothing that the road cannot heal
G **D**
There's nothing that the road cannot heal
A
When I make it to Moab
Em **G**
I'll get my canteen filled
D **Em** **D**
There's nothing that the road cannot heal
A **Em** **G**
Washed under the blacktop, gone beneath my wheels
D **A** **D**
There's nothing that the road cannot heal
