

When I can't sleep my mind's a circle

**C**                    **Em**            **G**

I watch the ceiling fan

**C**                    **Em**            **F**            **C**

I close my eyes and feel the wind blow

**Am**    **D**

My bed it turns into a raft

**Am**    **Em**    **F**    **C**

I drift away this night at Lake Unknown I'm floating

**Am**    **D**

I see it all for what it is

**C**                    **Em**            **F**            **C**

Most anything can be forgiven

**C**            **G**    **C**

What is left we'll have to live

**C**                    **G**    **C**

With what is left we'll have to live
