I think I broke myself

Far beyond help

More than I d ever admit

Trying to bend just to fit

Oh, don t go changing just for me

Em **D** **G**
Oh, don t go changing just for me

[Pre-Chorus]

Cause whatever I said, whatever I did, you know I didn t mean

Em **D** **G**
Oh, don t go changing just for me

[Chorus]

C **G**
You don t have to speak just to break the silence

D
Don t have to cry just to make me weak

Am7
You don t have to stand when the walls are shaking

C **D**
Don t have to lie just to make me believe

Em **D** **G**
Oh, don t go changing just for me

[Verse]

Em **G** **C**
I ve ruined every chance I ve ever had without ever skipping a beat

Em **G**
You re there to hold my hand time and again

Forgetting who you wanna be

Oh, don t go changing just for me

No, don t go changing just for me

[Pre-Chorus]

Cause whatever I said, whatever I did, you know I didn t mean

Oh, don t go changing just for me

[Chorus]

You don t have to speak just to break the silence

Don t have to cry just to make me weak

You don t have to stand when the walls are shaking

Don t have to lie just to make me believe

You don t have to shout just to make me listen

You don t have to hurt just to make me feel

You don t have to crash when my world is burning

Don t have to lie just to make me believe

Oh, don t go changing just for me

[Bridge]

You re the one that I lean on to guide me

You re the one I d follow to the end

Need ya to make me a better ma-an

Whatever I said, whatever I did, you know I didn t mean
