We ve become the outer order

G A Asus4

Live our lives along the border

D Bm

Get up in ease and face our other

F#m Em Asus4

To name the sign you ve been born under

Bm

I was bitten by a man

Trespassing in a psychic state

Bm

What well-healed boy

Bm

What simple man

Bm Em F#m

Left such a long and living wake

G D

I will not sing a hateful song

G D

Though it s in me to sing

G D

I know to drink the blood is wrong

Em **G**
And undue error brings

Born to proud, self-conscious people

G **A Asus4**
Living free of consequence

D **Bm**
Speak strange words louder than a witness

F#m **Em** **Asus4**
And damn the dead in self-defense

Bm
But I was also born and raised

Bm
To always speak and listen clear

Bm
To know the last sound that I make

Bm
Could be the last sound that I hear

G **D**
I will not sing a hateful song

G **D**
Though it s in me to sing

G **D**
I know to drink the blood is wrong

Em **G**
And undue error brings
