

Dont Slow Down
Copeland

B G B G

With a heart so pure

You could fall so quickly

But don t you dare slow down for me

Were it not for hearts like mine

Calloused thickly

You could fall so easily

(Don t you dare slow down for me)

You could take everything I have

Just don t leave my side now, don t leave my side

You could take everything I have

Just don t leave my side now, don t leave my side

Cause your words hit like a train and I can t ignore it

This moment could be our last

You fall in love and I m running after

You move way too fast

But don t slow down

And don t let go

Hold me close now, lest I fall

They say I don t know how to love the right way

But you make me feel, you make me feel like I do
