

I Can Make You Feel Young Again
Copeland

D **E**
Take me now, take me anywhere you re going
D
Cause I can t stay here, I won t make it long
E
And this piece of my soul you re controlling
And this time and this space where we belong
D
Is worsening, it s breaking down
E
As the real love thread unwinding
D
Your surfacing just to take me down
E **D**
When I feel like I m dead you re reviving me

When I feel like I m dead you re reviving me
