Song: You Have My Attention

Band: Copeland

Album: In motion

Verse:

G C Em7 D G C Em7 D
Quiet now, your voice sings miles away. But somehow, I hear your song

G C Em7 D G C Em7
resound a little bit softer each day. And from my tired heart, a little bit

D C
farther away...

Chorus:

G D Am7
I ll sing along the whole day through. Just do your best to hear me. It s all
C
you can do.

Verse 2:

G C Em7 D G C Em7
You have my attention, like you ve had all the while. Since that

D G C Em7 D
first day when you made my heart smile with loving eyes and tired

G C
sighs that flow.

Em7 D G C Em7 D G C Em7
You have my attention like a shout through an empty sanctuary.

D C
Speak but a whisper.

C
I ll hear a sermon.

Thats it! The intro is exactly the same as the verse. Yeah, I know the timing is weird,
why there are no correct tabs out there for this song. I did my best to place the chords
the correct place. Just listen closely.
