VERSE1

	C#maj7 Aadd9	Badd11
I was born black and free,	I was born in the cold	
	C#maj7 Aadd9	Badd11
You see cold was home to me,	until I was told	
	C#maj7 Aadd9	Badd11
I was really from the South,	so I travelled closer to the sun	
	Aadd9	Badd11
But you see, flesh burning heat got me crossing the sea		
	C#maj7	
Back to the cold again		
	F#m G#m A B	
So here I am,	here I am	

CHORUS

C#9sus4-C#m Aadd9	Badd11	C#9sus4 = x44444
I m	a stranger, anywhere I run to	
	C#maj7 Aadd9	
Yes I am a stranger		
	Badd11	E Aadd2 (Aadd2+ Aadd2++ Aadd2+)
And I just can t seem to find a race I could claim		
	G# Aadd9	
The roots to my name, but who I am		Add2 = 507600
Badd11	C#maj7 Aadd9 Badd11	Add2+ = 507605
Is a man of this world		Add2++ = 507607

C#maj7 Aadd9 Aadd9-G#m-F#m11

VERSE2 (same chords as before)

This is my second shot, winter s smiling at me
I m taking this shot to be all I can be
So the next place I stop will be the land of the free
A place where a million of colours and dreams dwell
Sounds like a place to me, where someone might understand

Just who I am, who I am

CHORUS (same as before until last chord)

I m a stranger, anywhere I run to

Yes I am a stranger

And I just can t seem to find a race I could claim

The roots to my name, but who I am

Badd11 Aadd2

Is a man of this world

BRIDGE

C#maj7

Now there s this fuss about colour

Aadd2 **C#maj7**

B6/D# = x64444

And everybody needs to belong

B11#9 = 767700

Aadd2 **C#m-B6/D#-B11#9-E7**

E7 = 076707

So take a minute to consider my perspective

Aadd9

G#

You see, black kicked me out once and white took me in

Aadd9

G#

But white looked at me once and nearly spat at my skin

F#m

G#

I m so confused, I m so confused about who I should hate

B

I figure I ll just love them all

CHORUS x3 (same chords as first chorus, repeat)

I m a stranger, anywhere I run to

Yes I am a stranger

And I just can t seem to find a race I could claim

The roots to my name, but who I am

Is a man of this world
