C# F#

If I kissed you

Ebm G#

Would fireworks fly

C#/E F#

Would angels sing with lollipops

Ebm G#

Would dinosaurs cry

C#/E F# Ebm G#

Would babies all gurgle in laughter and surprise

C# F# Ebm G#

If I kissed you.

If I kissed you

What would Michelangelo say

Would he still have sculpted David

Would we be immortalized in clay

Would the poets write of love like ours

Would John Donne have his say

If I kissed you

G# Bbm

You could be one in a million

F# C#

You could be the one for me

Ebm C#/E

But 1 guess I 11 never know if I never try

F# Ebm G#

I guess I ll just have to grab you in my arms and kiss you.

If I kissed you

Would you lose track of time

Would you feel a surge of happiness

Running up your spine

Bbm G#

Would you run naked in the street

F# C#/E Ebm F# G#

with a tattoo of my name on your behind

C# F# Ebm G#

If I kissed you.
