

Leaving

Corrinne May

Song : Leaving
Artist : Corrinne May
Album : Beautiful Seed
Key : G

[Verse 1]

There s a comfort in this darkness a familiar road
Though I know that you are no good for me
You re a false alibi
You hypnotize and you keep tempting me
To throw away eternity

[Verse 2]

Time to wake-up and shake-up
Cause you ve kept me right under your spell for too long
Your promise is empty
Go dig your claws in somebody else
Cause it won t be me

[Chorus]

I m leaving
Leaving this path behind
Don t need your sympathy
I m leaving
Don t try to change my mind

Change is never easy enough
