VERSE

**G/D**                    **Am**                    **F**  
Hear me, O Lord, when I cry  
**G/D**                                    **Am**                    **F**  
I am broken, I m thirsty, and I m dry  
   **G/D**                    **Am**                    **F**  
God make complacency my enemy and Your fight  
   **G/D**                    **Am**                    **F**  
Let desperation be like David s key for my life

PRE-CHORUS

**F**                                    **Am**  
Surely goodness and mercy follow me  
   **C**                                    **G**  
My cup runneth over, my cup runneth over  
   **F**    **Am**  
The broken and the contrite You have yet to deny  
   **C**    **G**  
I lay before You, I lay bare before You

CHORUS

**F**  
You re never gonna leave me dry, no, You don t, no, You don t, no, You don t  
**C/G**  
You re always willing, my cup You ll be filling  
**F/A**  
You re never gonna leave me dry, no, You don t, no, You don t, no, You don t  
**C/E**                                    **Am**                                    **G**  
You re always willing, my cup You ll be filling

BRIDGE

**F**    **C**  
You fill us with Your love, overwhelm us with Your love  
   **G**    **Am**  
Take us from the ashes, seat us with princes  
**F**    **C**                    **G**  
It s what You do, it s just what You do
