all of its problems solutions and sins.

Everybody seems to have a remedy,
Bm **A**
but there ain t no remedy that s ever gonna cure me.

G **D**
Take it while it comes cause it don t last long.
Bm **A** **G**
Hesitate and the moment s gone.
D
Run in the rain and howl at the moon.
Bm **A** **Em**
Fall in love way too soon.
Bm **G**
Take my hand as the music starts
G **D**
and we ll dance to the beat of your heart.

Second Verse:

Bm **A** **D** **Bm** **A** **D**
There s a distance in your eyes,

Bm **A** **D** **Bm** **A** **D**
seems you been looking for a place to hide.
 Bm **A** **D**
There s nothing but love around you my child,
 Bm **A** **D**
but you can t see from your crying eyes.
 Bm **A** **D**
You stand in a crowd when you wanna be alone,
 Bm **A**
you re your own contradiction but you re not alone.

*** REPEAT CHORUS ***

Bridge:

Bm **G** **A**
I know you stumble down that road,
A
trembling from the cold.
Bm **G** **A**
But this heart, and this love,
A
can save you. It can save you.
