Glastonbury evening sun From where have all the angels come  
**D**  
We could hear an angel's choir  
**Asus4 D**  
As we sang round an evening fire A yellow moon lit up the sky  
**Asus4 D**  
And left me happy enough to cry  
**Asus4 D**  
Glastonbury we got high As heaven's rain clouds passed us by

**D Dsus4 D G D**  
Where have all the angels gone Now that all the acid's done  
**D G D**  
We made love under the sun We're back to nature on the farm

**D**  
We were higher than the sky  
**Asus4 D**  
As heaven's rain clouds passed us by  
**D**  
We could hear an angels choir  
**Asus4 D**  
I swear we couldn't get no higher

**D Dsus4 D Asus4 D**  
Where have all the angels gone Now that all the acid's done  
**D G**  
It's raining love on everyone  
**D Dsus4 D G D**  
Who knows where we will go At the end of this rainbow  
**D G D**  
Glastonbury's golden sun Will shine its love on everyone  
**D Dsus4 D G D**  
Where have all the angels gone Now that all the acid's done
