D **Asus4** D  
Glastonbury evening sun From where have all the angels come  
D  
We could hear an angel's choir  
**Asus4** D  
As we sang round an evening fire A yellow moon lit up the sky  
**Asus4** D  
And left me happy enough to cry

**Asus4** D  
Glastonbury we got high As heaven's rain clouds passed us by

D **Dsus4** D **G** D  
Where have all the angels gone Now that all the acid's done  
D **G** D  
We made love under the sun We're back to nature on the farm

D  
We were higher than the sky  
**Asus4** D  
As heaven's rain clouds passed us by  
D  
We could hear an angels choir  
**Asus4** D  
I swear we couldn't get no higher

D **Dsus4** D **Asus4** D  
Where have all the angels gone Now that all the acid's done  
D **G**  
It's raining love on everyone  
D **Dsus4** D **G** D  
Who knows where we will go At the end of this rainbow  
D **G** D  
Glastonbury's golden sun Will shine its love on everyone  
D **Dsus4** D **G** D  
Where have all the angels gone Now that all the acid's done
