

Love This
Cosmo Jarvis

Here s a tab for the acoustic version of Love This by Cosmo Jarvis (found here:
<http://www.youtube.com/watch?v=3mqQXMbPHNQ>)

Capo on 4th fret, standard tuning

Some of these chords are only played very briefly, so I d suggest you watch the video to get the timing right. He also tends to do some transition notes at the end of each line, which are fairly easy to see/figure out, and tend to just involve playing a couple notes on the E string.

Thanks to youtube user earlsweatshirtisshit whose comment provided the basis for this tab.

Enjoy!
