G C Am C  
If I could make it rain today  
G C Am D  
And wash away this sunny day down to the gutter  
G C Am C  
I would. Just to get a change of peace  
G C Am D  
Things are getting worse, but I feel a lot better.  
F C G  
And that s all that really matters to me.

G C Am C  
Well, Amy hit the atmosphere,  
G C Am D  
Caught herself a rocket ride out of this gutter,  
G C Am C  
And she s never coming back, I fear.  
G C Am D  
Anytime it rains she just feels a lot better,  
F C G  
And that s all that really matters to me.

Em Bm  
We ve waited so long  
C G D  
For someone to take us back home.  
Bm Em  
It just takes so long.  
C G C G  
Meanwhile all the days go drifting away,  
C G Em A  
And some of us sink like a stone  
C D G  
Waiting for mothers to come.

G C Am C  
There has to be a change, I m sure.  
G C Am D  
Today was just a day fading into another,  
G C Am C

And that can't be what a life is for.

**G C Am D**

And anything she said well she feels a lot better

**F C G**

And that's all that really matters to me.

**Em Bm**

We've waited so long

**C G D**

For someone to take us back home.

**Bm Em**

It just takes so long.

**C G C G**

Meanwhile all the days go drifting away,

**C G Em A**

And some of us sink like a stone

**C D**

Waiting for mothers to come.
