Wait for everyone to go away

And in a dimly lit room where you've got nothing to hide

Say your good-byes

Tell yourself we'll read a note that says I'm sorry everyone

I'm tired of feeling nothing goodbye

Wash your face dry your eyes

Chorus 2:

You've been waiting a long time

You've been waiting a long, long time

To fall down on your knees

Cut your hands

Cut yourself until you bleed

But fall asleep next to me

Have a dream I'm falling down on my face

Scrape my knees scrape my hands until they bleed

Cause you're fast asleep next to me

Next to me...
