

Colorblind
Counting Crows

This is a song designated for piano, but since I figured out the piano part, I figured I d let all guitarists have a shot at it...

```
E||-----5-----||
B||-----8-----6-----6-----6-----||
G||--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--*||
D||7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--*||
A||-----||
E||-----||
```

That entire riff is repeated for the entire song...the chords are Am for the first measure...then F for the last three measures... This part sounds so much better on piano than it does on guitar, but oh well!
Peace...Love...and Counting Crows FOREVER!!!-Sharon
