

Colorblind

Counting Crows

This is a song designated for piano, but since I figured out the piano part, I figured I d let all guitarists have a shot at it...

```
E| |-----5-----| |
B| |-----8-----6-----6-----6-----| |
G| |--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--*| |
D| |7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--*| |
A| |-----| |
E| |-----|
```

That entire riff is repeated for the entire song...the chords are Am for the first measure...then F for the last three measures... This part sounds so much better on piano than it does on guitar, but oh well!

Peace...Love...and Counting Crows FOREVER!!!-Sharon
