

Colorblind
Counting Crows

This is a song designated for piano, but since I figured out the piano part, I figured I d let all guitarists have a shot at it...

```
E | |-----5----- | |
B | |-----8-----6-----6-----6----- | |
G | |--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--* | |
D | |7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--* | |
A | |----- | |
E | |----- |
```

That entire riff is repeated for the entire song...the chords are Gm for the first measure...then Eb for the last three measures... This part sounds so much better on piano than it does on guitar, but oh well!
Peace...Love...and Counting Crows FOREVER!!!-Sharon
