

Colorblind
Counting Crows

This is a song designated for piano, but since I figured out the piano part, I figured I d let all guitarists have a shot at it...

```
E | |-----5----- | |
B | |-----8-----6-----6-----6----- | |
G | |--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--5--* | |
D | |7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--7--* | |
A | |----- | |
E | |----- |
```

That entire riff is repeated for the entire song...the chords are G#m for the first measure...then E for the last three measures... This part sounds so much better on piano than it does on guitar, but oh well!
Peace...Love...and Counting Crows FOREVER!!!-Sharon
