

Hanginaround
Counting Crows

The solo needs work but everything in the solo up to the asterisk is the correct notes

Intro:

```

```

F          C          G
She sat right down on the sofa
                F
And says where have you been
          C          G
I ve been waiting for you
      F          C          G
And last night I had something so good
                F          C          G
These days get so long and I ve got nothing to do

                F          C          G
Ive been hanging around this town on a corner
                F          C          G
Ive been bummin around this old town so long
                F          C          G
Ive been hanging around this town on a corner
                F          C          G
Ive been bummin around this old town for way too long

F          C          G
We spent all day getting sober
                F
Just hiding from daylight
      C          G
And watching tv      (...fading away)
F          C          G
We just look a lot better in the blue light
                F
Well you know I gotta get out
      C
But Im stuck so tight
G
Weighed by the chains that keep me
                F          C          G

```

, hanging around this town on a corner

F C G

I ve been bummin around this old town so long

F C G

I ve been hanging around this town on a corner

F C G

I ve been bummin around this old town for way too long

*

F C G

This girl listens to band plays

She says where have you been

F C G

Been laying right here on the floor

F C G

I got all this time to be waiting for what is mine

F C G

To be hated for what I am after the light has faded

F C G

Ive been hanging around this town on a corner

F C G

Ive been bummin around this old town so long

F C G

Ive been hanging around this town on a corner

F C G

Ive been bummin around this old town for way too long, hey

F C G

Ive been hanging around this town on a corner

F C G

Ive been bummin around this old town for way too long

F C G

Ive been hanging around this town on a corner

F C G F C

I ve been bummin around this old town for way, way, way, way, too long

G F C

	way, way, way, way, too long	
G	F	C
	way, way, way, way, too long	
G	F	C
	way, way, way, way, too long	
G	F	C
	way, way, way, way, too long	
G	F	C
	way, way, way, way, too long	
G	F	C
	way, way, way, way, too long	

/ = Slide

h = hammer on

p = pull off
