

Have you seen me lately?

Counting Crows

D **E**
Get away from me, get away from me this isn't gonna be easy
G **D**
but I don't need you believe me.
D
Yeah, you got a piece of me, but it's just a little piece of me
E **G** **D**
I don't need anyone these days I feel like I'm fading away.
E **G** **D**
Like sometimes when I hear myself on the radio.

G **E**
Have you seen me lately?
G **E**
Have you seen me lately?
G **E** {strum}
Have you seen me lately?
C **G** **D**
I was out on the radio starting to change.
G **C**
Somewhere out in America, it's raining
D **G** **C**
Could you tell me one thing you remember about me,
D **G** **C** **G** **D** {back to pick}
...remember about me?
D
I remember me all the little things that make up a memory
E **G** **D**
she said she loved to watch me sleep.
E **G**
like she said, it's the breathing,
D
it's the breathing in and out and in and... {Chorus}

D
Well I thought that someone would notice
E
I thought somebody would say something if I was missing
G **D**
Well can't you see me?
D
come on color me in, come on color me in
come on, come on, come on
E
give me your blue rain
G
give me your black sky

D

give me your green eyes

E

come on give me your white skin

G

come on give me your white skin

D

come on give me your white skin
