Em **Cadd9** **D**
The wind has come to take me down a notch,
Cadd9 **Em**
A peg, or a level or two
 Cadd9
The swollen moon has got
 D **Cadd9**
Her sights set on me too

Em **Cadd9** **D**
The devil sun gonna take me higher
Cadd9 **Em**
Higher than I ever been before
 Cadd9
I told my mama, no
D **Cadd9**
I canâ€™t take no more
 Em **Cadd9** **D** **Cadd9**
I canâ€™t take no more

Em **Cadd9** **D**
The wind has come to take me down
 Cadd9 **Em**
To the empty farm where I grew up on the land
 Cadd9 **D**
I built this childhood for a boy
 Cadd9
With my own two hands

Em **Cadd9** **D**
I look around, them bony trees
 Cadd9 **Em**
And sunken cows, thereâ€™s almost snow
 Cadd9
Nobody knows nothing
D **Cadd9** **Em** **Cadd9** **D** **Cadd9**
Except what me and the crow do know

D **G** **Cadd9**
Who am I to change my life?
D **G** **Cadd9**
Who am I to fuck with form?

D G Cadd9

Who am I to weather a storm?

Cadd9 D Cadd9

But I go slow

Cadd9 D Cadd9

I said goodbye to everyone I know

Cadd9 D Cadd9

And one morning I awoke

D

And I was this guy named Joe

Em Cadd9 D

The wind has come to take me down to the field

Cadd9 Em

To dream by the light of the moon

Cadd9 D

No, there ainâ€™t no coming home,

Cadd9 Em

No going back, skipping June

Em Cadd9 D

I sit by the water down by the freeway

Cadd9 Em

The cotton is hot and the corn is high

Cadd9

Donâ€™t know what Iâ€™m going to do

D Cadd9

With myself tonight

D G Cadd9

Who am I to change my name?

D G Cadd9

Some things will always stay the same

D G Cadd9

There really ainâ€™t no one to blame

D G Cadd9

Canâ€™t expect nobody to live in that pain

Cadd9 D Cadd9

But I know you miss me so

Cadd9 D Cadd9

I said goodbye to everyone I know

Cadd9 D Cadd9

And one morning I awoke

D

And I was this guy named Joe...
