

Boys Lets Raise Our Glasses

Craig Owens

C#m

So they tell me to write a song that everyone wants to hear

B

Don't make it too dark, but get to their hearts not everyone is as sad as you are

C#m

Relate to everyone but still pretend that nothing is wrong

B

Cause they wanna sing, sing in their heart break just another way for them to escape

A B

Tell me once and tell me twice and you won't need to tell me again

I'm not a saint, I'm just singing my heart break and I'm there when you need a friend

E B

So let's raise our glasses boys and scream our favorite songs

C#m A

The ones that help us out, when we are feeling down

So let's raise our glasses boys and hope we do this again

Cause the world wouldn't be anything.. If it weren't for our friends

So, come on out and dance with me yeah, show me what you can do

Cause love is when I know, that you will come through

A friendly force it understands just what you are thinking

Somewhere to go when you're feeling low.. we make it down and may see someone out there

Tell them once and tell them twice and you won't need to tell me again

I'm not a saint, I'm just singing my heart break and I'm there when you need a friend

So let's raise our glasses boys and scream our favorite songs

The ones that help us out, when we are feeling down

So let's raise our glasses boys and hope we do this again

Cause the world wouldn't be anything.. If it weren't for our friends

So let's raise our glasses boys and scream our favorite songs
