Crash Parallel

chord progression-

Chord progressionâ€¦

G, Cadd9, G, D, C palm muting

G, Cadd9, G, D, C open

Capo 4th fret

INTRO: **G, Cadd9, G, D, C** palm muting

[verse]

G **Cadd9**
I took a train all the way to the light in your brain,
G **D** **C**
when you stopped me dead in my tracks,
G **Cadd9**
yeah right from the start, when you broke through my heart,
G **D** **C**
well I knew there was no turning back,

[chorus]

G **Cadd9**
With all the little things you do,
G **D**
and the way you shine through, it makes me want you more,
C **G**
yeah it makes me want you more,

G **Cadd9**
and the fire in your eyes,
Cadd9 **G**
and the way you say goodbye,
D
it makes me want you more,
C
yeah it makes me want you more,
yeah it makes me want you more,

[verse]

G **Cadd9**
Oh youâ€™re like a flame, that will burn me again,
G **D** **C**
and Iâ€™m like a child in your arms,
G **Cadd9**
when you spin me around, all the way to the ground,
G **D** **C**
until we fall asleep with the stars.

[chorus]

G **Cadd9**
With all the little things you do,
G **D**
and the way you shine through, it makes me want you more,
C **G**
yeah it makes me want you more,

G **Cadd9**
and the fire in your eyes,
Cadd9 **G**
and the way you say goodbye,
D
it makes me want you more,
C
yeah it makes me want you more,
G
yeah it makes me want you more,

[verse]

G **Cadd9** **G**
I donâ€™t want to stay here all day long,
G **D**
I want to hold you in my arms,
C
and carry you back into my heart,
again and again and again

G **Cadd9**
I took a train all the way to the light in your brain,
G **D**
when you stopped me dead in my tracks,

[chorus]

G **Cadd9**
With all the little things you do,
G **D**
and the way you shine through, it makes me want you more,
C **G**
yeah it makes me want you more,

G **Cadd9**
and the fire in your eyes,
Cadd9 **G**
and the way you say goodbye,
D
it makes me want you more,
C
yeah it makes me want you more,
G
yeah it makes me want you more,
G **Cadd9**

And as far as I can tell,

G

I know you wish me well,

D

it makes me want you more,

C

G

yeah it makes me want you more,

G **Cadd9**

and the fire in your eyes,

G

and the way you say goodbye,

D

it makes me want you more,

C

yeah it makes me want you,

G

it makes me want you more,

G **Cadd9**

ohh and all that I can see,

G

is the fire in your eyes.

This is super super rough, I ve never written out chords before, the only reason I

to do so for this is because I could not find the lyrics or the chords for this song

so I tried really hard to get the jist of it, feel free to butcher and change and fix, I

wanted to get it out there :) AWESOME song!!
