**Eb**  
**Eb**                    **Gm**                    **G#**                    **Bb**                    **Eb**  
She says: forget this terrible, terrible world around you, it takes you  
**Eb**                    **Gm**                    **G#**  
So far away from me and it s terribly, terribly wrong.  
                  **Bb**                    **Eb**  
I need more to stay calm

chorus:

**Eb**                    **Bb**    **Gm**                    **G#**    **Bb**                    **Eb**  
And there she is; sleeping, her arms around my shirt  
**Bb**                    **Gm**                    **G#**    **Bb**  
No way, no, nothing can beat this  
          **Eb**                    **Bb**                    **Gm**                    **G#**                    **Eb**  
And so be it, may all the world envy, I m coming home

**Eb**                    **Gm**                    **G#**                    **Bb**                    **Eb**  
Oh, yeah, she ll get me over and over again, forever and ever  
                  **Gm**                    **G#**  
She knows and I know this; we know we are should never apart  
                  **Bb**                    **Eb**  
We need more, we need this

chorus

**Eb Gm G# Bb Eb**

**Eb**                    **Gm**  
And I unlock the door with tired hands

And I m home now, I m whole now
