The Crash - Coming Home

E  
E                    G#m                    A                    B                    E  
She says: forget this terrible, terrible world around you, it takes you  
E                    G#m                    A  
So far away from me and it s terribly, terribly wrong.  
                  B                    E  
I need more to stay calm

chorus:

          E                    B            G#m                    A            B                    E  
And there she is; sleeping, her arms around my shirt  
          B                    G#m                    A            B  
No way, no, nothing can beat this  
          E                    B                    G#m                    A                    E  
And so be it, may all the world envy, I m coming home

E                    G#m                    A                    B                    E  
Oh, yeah, she ll get me over and over again, forever and ever  
                  G#m                    A  
She knows and I know this; we know we are should never apart  
                  B                    E  
We need more, we need this

chorus

E G#m A B E

E                    G#m  
And I unlock the door with tired hands  
          A    Am                    C  
And I m home now, I m whole now

chorus

E G#m A B E

End on F
