Times
Crash

The Crash - Times
as I play it on http://www.youtube.com/watch?v=99nkcUW7QF8

Verse
```
Am          Fmaj7      G        Em           Am
Times under melodies. Strange enough for a dream
      Fmaj7       G       Em         Am
For a harmony, a song to sing for you
      Fmaj7       G        Em         Am
Funky aphrodites. All you need is life.
```

Chorus:
```
    G          F    Fmaj7          C
And bÃ©fore you know she will get you
         F    Fmaj7           C
under the wing. She will hover
           F     Fmaj7              C   C/B Am
light as the wind. She will rein you.
```

Verse
You are the heroines of this age, true
To adrÃ¨naline and terylene. Cool.

Chorus

```
    F                C
And she won t feel a thing.
F                  C
You ll take care of it.
                         ->  ->-> ->
Dm         Fmaj7       G G4 G G4 G
You will remember these times.
                  F
The heart weighs a ton,
   Fmaj7          C           F
but she will hover light as the wind.
           C                F
You will love her more than you should.
Fmaj7            C         F
SheÂ´ll contain you under the wing.
           C   C/B  Am
She will rein you.
```

Outro (silent)
```
Am        Fmaj7 G         Em    Am
We are a family of this age.
```

```
