Signs

Written by Tremonti/Stapp Published by Tremonti/Stapp Music

Produced, Engineered & Mixed by John Kurzweg, Kirk Kelsey and Creed

This is not about age
Time served on the earth
doesn t mean you grow in mind
This is not about God
Spiritual insinuations seem
to shock our nation

Come with me I m fading
underneath the lights
Come with me
Come with me
Come with me now

This is not about race
It s a decision to stop the
division in your life
This is not about sex
We all know sex sells and
the whole world is buying

Come with me I m fading
underneath the lights
Come with me
Come with me
Come with me now

Can t you see the signs?
See the signs now

Can t you see them?
See the signs
You see them
All the signs we see them
Can t you see them?
