Another day, another goal. Your life is out of your control.
    F#          C#              G#          Bb
Tomorrow s just another day. Another chance to throw away.

    F#          C#              G#          Bb
Used emotions, failed solutions, get the daily thought pollutions.
    F#          C#              G#          Bb
Tomorrow s just another day to watch your life go astray.

    F#        G#          C#          Bb
I m amused and I m confused. life s out of my control.
    F#        G#          C#          Bb
I just try to stand aside. and let things take their toll.

    F#                  G#          C#              Bb
And just when things are getting better, everything just falls apart.
F#                  G#          C#              Bb
Every situation is temporary, but I get caught up in playing my part.

And you re tired of being fucked over, so you pass off any love as lust.
