

Might As Well Have A Good Time
Crosby, Stills & Nash

Might As Well Have A Good Time

G **Bm** **Em7** **C**
There are windows on the water lighting up the silver strand
G **C** **G**
Shining on the sea, shining on the sea
Bm **Em7** **C**
And the ocean s just a player on an old piano
G **C** **G**
Who repeats one melody, repeats one melody

Chorus:

C **G** **C** **G** **C** **G**
I belong on the shore hustlin nickels and dimes
C **G** **B7** **Em7**
Cause it ain t long before it s gone
C **G** **C** **G**
You might as well have a good time

Well, the elbows of his jacket are blue and shiny
He s drunk and gone to seed, he s drunk and gone to seed
And he mumbles as he plays the only song he knows
It s the only song he needs, the only song he needs

Chorus

All his restless music don t mean a damn thing to me
The shallow or the deep, said, the shallow or the deep
And if you re free this evening we ll go out together
And party till we sleep I said, party till we sleep

Chorus
