**Crosby, Stills & Nash**

Turn Your Back On Love

**Dm**

Is this a prison or do you call it love?  
You will know for certain someday it ll never be tough enough  
When love is hidden it is below above  
And you know when you run away you turn your back on love

Chorus:

**Dm**       **F**               **Em**       **Dm**  
Lonely days and lonely nights  
             **F**       **Em**       **Dm**  
Will we ever get it right  
             **F**                       **Em**  
Don t be blinded by the light

**Dm**

Turn your back on love no, no

You re dying to prove that you are never wrong  
You re so right you d rather be sad but you won t go along  
You built a wall, didn t ya, round what you re thinking of  
Never mind what anyone says you re turning your back on love

Chorus + solo

Isn t it my life tell me what else it is  
You can do whatever you want if you will take a risk  
When is it my love how will you handle it to wit  
There are two whenever we are if you can hear the kiss

If you believe it love is quite strong enough  
Be together honest and free no turning back on love

Chorus
